BOY BATHER SLIPS THROUGH FATHER'S HANDS, DROWNED

Ralston Bennett, Unable to Swim, Tries to Float, Loses Life in Meramec River.

MOTHER SEES ACCIDENT

Exhausted by Struggle in Trying to Save Son, Contractor Sinks, Is Rescued.

Ralston A. Bennett, 14 years old, son of W. G. Bennett, contractor and builder of 661 Morgan street, was drowned Sunday afternoon when he tried to float on his back and was swept beyond his depth in the Meramec River opposite Meramec Highlands. His father caught him and tried to save him, but the boy slipped from his grasp. The elder Bennett, exhausted from his struggles, sank twice and was rescued by other bathers. The boy's mother, who was standing on the opposite bank of the stream, fainted when she saw the boy slip from her husband's hold and disappear. She collapsed and is in a serious condition at her home, under the care of physicians.

Bennett, his wife, and son, accompanied by C. P. Heib, manager of the Empress Theater, and his wife, went to Meramec Highlands in an automobile. A big party of bathers was in the river when the party reached the First Landing at noon and they stopped to look on.

Father and Son Went. At the request of his son, Bennett rented a boat and he and the boy crossed the river to the beach and went bathing. While Mrs. Bennett and Heib and his wife waited on the other shore.

Ralston Bennett could not swim, and was cautioned by his father to stay close to the bank. Fifteen minutes after they entered the water the elder Bennett told Ralston he would swim upstream and told him to remain where he was, in about three feet of water.

After his father swam away, Ralston tried to imitate other bathers by floating on his back. As he raised his feet he was swept out by the current about six feet into a steep, where the depth is 10 feet.

His father heard his cries and started toward the boy as Heib and Mrs. Bennett shouted to him. Bennett grabbed his son as he was sinking the second time and tried to pull him toward the shallow water. As the boy struggled he broke away and went under again, and did not come up.

Bennett, by this time, was exhausted. He sank and other bathers jumped into the deep water to rescue him. Others tried to try to find the son. The elder Bennett was taken to the shore and was revived. The boy's body was recovered an hour later with grapples hooked.

Eidest of Five Children. Ralston was the oldest of five children. He would have entered the Bolan High School next term. He had been working as timekeeper for his father at an iron plant in O'Fallon, Ill. W. G. Bennett had charge of wrecking World's Fair buildings. He recently built the Empress Theater, and other business buildings in St. Louis.

Bennett was prostrated and in such a serious condition Monday at his home that he was unable to talk of the details of the drowning or his efforts to save his son.

PIPE FROM BATTLEFIELD IS TRACED TO THE OWNER

Congressman Kent Gets Clew From St. Louis Physician—Relic to Go to Museum.

WASHINGTON, July 28.—Representative William Kent of California, recently received from a constituent, Dryden Garnet, of Willow, Cal., a strange looking unusually large meerschaum pipe bowl with a note explaining the writer, a Civil War veteran, picked up the pipe bowl after the battle of Shiloh. He had smoked it ever since.

He requested Kent to try to find out if the owner were living. Kent decided the pipe was of a German make, and had belonged to an officer of German birth. The War Department furnished the names of those on the Union side at Shiloh, and he wrote to Dr. H. M. Von Starkloff of St. Louis, former surgeon of the Third Illinois Volunteer. He gave to Kent names of half a dozen German officers who had served in the regiment. Col. Julius Rath, said Starkloff, had owned the pipe. Rath died at Pittsburg landing.

Kent sent a check to Garnet and will send the pipe to the Smithsonian Museum.

KNOCKED INTO WINDOW

An insult offered to a young woman by a young man at Broadway and Washington avenue at 11:30 p. m. Sunday, caused the youth who was escorting the girl to knock the first through a plate glass window in the Nugent dry goods store.

The crash of glass attracted police, but the three young people disappeared before the patrolmen reached the scene.

WOMEN ELECTION JUDGES

CHICAGO, July 28.—In an opinion given today, County Judge Owens held that all women are eligible for appointment as clerks of election and that all women who can qualify as householders, that is who are the head of the family, supporting it independently, may serve as judges of election, under the new woman suffrage law in Illinois.

MOTORMAN TRIES TO FIX LIVE WIRE AND IS ARRESTED

Policeman Takes Him to Station Because He Won't Quit Dangerous Work.

As a motorman of the Union line was trying to fix a broken and spluttering trolley wire at Florissant and Birchler avenues, at noon Monday, Patrolman William Anderson of the Mounted District, fearing that the man would be electrocuted, bade him to keep away from the wire.

The motorman retorted that he knew his business, and when the policeman laid a hand on him, he jerked away and struck at the policeman.

"You're arrested!" exclaimed Anderson, but the motorman jumped on a car which was just starting away from the scene of the accident. The policeman ran after the car nearly three blocks, to a point where it had to stop because of repair work.

When Anderson came up to the car, the motorman who had been running it joined with the first motorman in commanding the policeman to stand back. Anderson had to draw his revolver before he could retake his prisoner, and while he was doing this, he took the other motorman also.

At the Mounted District station the affair was explained by the motorman to the satisfaction of Capt. Schwartz, and the motormen were released without giving their names. Other street car men at the scene of the difficulty said the motorman with whom the trouble started was John Covington, and that the second motorman, who took his part, was John Casper.

The north end of the Union line is so torn up by repair work that passengers must ride on three "dinky" cars after leaving the regular car, to get to the end of the line. Each transfer to a "dinky" has to be made under a mass of obstructions.

PROGRESSIVES TO BACK LA FOLLETTE TARIFF PLAN

Conference Marks First Effort of Progressive Republican Element to Take Definite Stand.

WASHINGTON, July 28.—Eleven Progressive Republican Senators tentatively agreed today to support Senator La Follette's substitute schedules on wool, cotton and several other sections of the tariff bill.

The conference marked the first effort of the Progressive Republican element to take a definite stand on tariff revision.

Votes on amendments last week showed many of the Progressive Republicans at variance with the remainder of the Republican side on certain items. It is understood an attempt will be made to submit the La Follette wool schedule for that which has already been introduced by Senator Smoot and which the latter expects to present as the Republican measure.

In today's conference, presided over by Senator Clapp, were Senators Borah, Brewster, Crawford, Sterling, Cummins, Kenyon, La Follette, Gronna, Norris and Works.

KING GEORGE AND QUEEN MARY TO VISIT AMERICA

They Will Go to Canada, and It Is Probable That They Will See Washington.

LONDON, July 28.—A report from Australia that King George and Queen Mary were to lay the foundation stone of the Australian Commonwealth Parliament House at Canberra next year is denied today by the Pall Mall Gazette, which declares that Canada is to be the next British dominion visited by Their Majesties. The Gazette adds:

"It may be taken for granted that while so near the United States is denied today by the Pall Mall Gazette, which declares that Canada is to be the next British dominion visited by Their Majesties. The Gazette adds:

OWNER DROWNED UNDER AUTO; THREE OTHERS ESCAPE

DENVER, Colo., July 28.—John F. McMichael of Denver, was pinned under his automobile and drowned at midnight last night when the car plunged over an embankment into Bear Creek, between Morrison and Denver. McMichael, who was driving the car, lost control when rounding a sharp curve.

WIFE IN ANGER; KILLED WITH GIRL IN AUTO

ROCHESTER, N. Y., July 28.—E. J. Sankepal, vice-president of a lumber company, and Miss Martha Harbottle were killed early today when an automobile driven by Sankepal was struck by the Wolveston express on the New York Central at a crossing in Penfield, a few miles from the city.

Mrs. Sankepal identified both bodies. She told the coroner she had quarreled with her husband last night and he left her in anger. She was sitting up awaiting his return when notified of the accident.

CAPITAL LIKES NEW SALAD

Wife of Congressman Invents a Popular Dish. WASHINGTON, July 28.—Mrs. George R. Smith, wife of a new Representative from Wisconsin, has invented a dish called the "Congressional salad." It has grown in favor among hostesses. Mrs. Smith has been besieged for the recipe. Here it is: One grape fruit, one orange, one pineapple or two apples, nuts, according to the taste, and a pinch of salt. To this chopped up fruit she adds cream, double whipped.

When concocted the salad is served on squares of buttered toast or browned crackers.

50 WHITE BOYS ATTACK NEGROES LEAVING SCHOOL

They Hurl Bricks and Spirited Fight Results Near Summer High School.

CLASH CAUSES RUNAWAY

Brick Hits Wagon and Breaks Window—Boys Scatter at Sight of Policeman.

A fight with bricks, stones, and clubs as weapons, between about fifty negro boys and an equal number of white youths took place Monday afternoon near the Summer High School, at Cottage and Goodie avenues, as the negroes left the school for the noon recess.

The white boys had prepared for the coming of the negro boys and guarded a pile of bricks and stones under a tree at Maffitt avenue and Whittier street. As the negroes emerged from the school they saw their enemies lined up for the fight. They picked up stones and rocks from the streets as they marched toward the crowd.

Both Sides Retreat. A rain of stones greeted the negroes. They exhausted their ammunition and began to fall back. The white boys chased them to Whittier street and St. Ferdinand avenue, when the negroes made a stand.

By this time the weapons of the white boys had all been thrown in the direction of the negroes. They picked up most of them and were using them to good advantage.

The whites retreated and at Whittier street and cottage avenue the opposing crowds came to a stand near a large pile of paving bricks. Both sides rallied and made a united attack upon the brick pile. A moment later the battle was continued with renewed vigor.

A brick struck a wagon of the Home Bakery Co., standing in front of the Macken Bros. grocery at the corner. The team ran away.

Window Is Shattered. J. J. Macken ran out of the store. A brick shattered the plate glass window in his store. The driver of the bakery wagon ran through the fusillade of stones after his wagon. The team was stopped after a chase of two blocks.

Patrolman George Erlicher of 200 Whittier street was off duty dosing on the rear porch when he heard the stones thump against the front of his home. He put on his uniform and ran out.

At the sight of the patrolman the opposing armies ran west on Cottage avenue to Goodie and scattered. Macken said that for two years the youths have had fights. The policemen found no casualties to report beyond broken windows and bruised heads.

LEAVES WIFE IN ANGER; KILLED WITH GIRL IN AUTO

ROCHESTER, N. Y., July 28.—E. J. Sankepal, vice-president of a lumber company, and Miss Martha Harbottle were killed early today when an automobile driven by Sankepal was struck by the Wolveston express on the New York Central at a crossing in Penfield, a few miles from the city.

Mrs. Sankepal identified both bodies. She told the coroner she had quarreled with her husband last night and he left her in anger. She was sitting up awaiting his return when notified of the accident.

Owner Drowned Under Auto; Three Others Escape. DENVER, Colo., July 28.—John F. McMichael of Denver, was pinned under his automobile and drowned at midnight last night when the car plunged over an embankment into Bear Creek, between Morrison and Denver. McMichael, who was driving the car, lost control when rounding a sharp curve.

AMERICANS WIN CHAMPIONSHIP OF WORLD AT TENNIS

McLoughlin Defeats Briton in Deciding Game for the Dwight Davis Cup.

FIRST TIME IN 10 YEARS

Trophy Which Was Taken Abroad in 1903, Will Be Played for On This Side.

WIMBLEDON, England, July 28.—The United States lawn tennis team carried off the world's championship today when Maurice E. McLoughlin of San Francisco won the fourth and deciding match in the contest with England for the Dwight F. Davis international trophy.

McLoughlin, the American national champion, was drawn against Charles F. Dixon and won in straight sets, 6-3, 6-3, 6-2.

The first set was hard fought, but Dixon was in the lead only once. As soon as McLoughlin decided down to his task he had the Englishman at his mercy. The second and third sets were easy for the brilliant American, who was playing at the top of his game.

There was an immense crowd in the stands. Summer skies and a high temperature greeted the players. These conditions suited the American competitors better than the weather prevailing during the preceding two days. McLoughlin especially profited by the heat.

The score by points: FIRST SET. McLoughlin 4136415141415-34 5 Dixon 24540434241481-41 6 SECOND SET. McLoughlin 414441444-30 6 Dixon 140524213-22 3 THIRD SET. McLoughlin 444442114-20 6 Dixon 21014440-17 2 Parks Leads Williams. Parks won the first set of his match against Williams by six games to two. Scores by points: FIRST SET. Williams 45154441-37 6 Parks 70471624-37 6 SECOND SET. Williams 4104424020-31 4 Parks 4441141444-30 5 THIRD SET. Williams 40555415414-39 7 Parks 14455241401-34 2 FOURTH SET. Williams 574462414144-46 7 Parks 32284341414-40 6 FIFTH SET. Williams 33216244-23 6 Parks 55444236-34 6 Trophy Returns to U. S. After Ten Years. The Davis cup, emblematic of the world's team championship in lawn tennis, which returns to the United States after an absence of 10 years, was put in play in 1900. The trophy—a massive silver punch bowl—was the gift of Dwight F. Davis, now Park Commissioner of St. Louis, who donated it with the idea of stimulating international competition in the court game. The success of the plan was assured from the beginning. In the 12 years which have elapsed since the gift, the cup has been in play 13 seasons. The United States and England and Australia have all in turn won and lost the prize, which has proved to be the most widely and frequently played for international trophy on record.

In 1900 and 1901, the United States teams successfully defended the cup against the attack of the British Isles players. In 1902 the Doherty brothers carried it away to England. The next four years the United States and Australian players led the series for the cup and finally the famous Australian pair, Brookes and Wilding, took the cup to Australia. There it stayed until last winter, when the English team, consisting of Parks, Dixon and Beamsley, won it for the British Isles.

BRIDE WHO IS ONE OF PRINCIPALS IN FOURTEENTH LIBRARY ROMANCE

MRS. CLARENCE EDWARD MILLER

NEWS OF WEDDING REVEALS LIBRARY ROMANCE NO. 14

Clarence Edward Miller and Miss Irma Kraemer Marry and Depart for Lake Trip.

Another library romance, this time in the Mercantile Library, became known Monday, when Clarence Edward Miller of 608 Cabanne, assistant librarian of the Mercantile, and Miss Irma Kraemer of 211 North Euclid avenue, assistant at the issue desk, were married.

The new "library bride," whose plans had been kept secret, is the daughter of Mrs. Anna Kraemer, a widow. Miller is a son of Capt. Joseph W. Miller, a well-known editorial writer, and a brother of Joseph W. Miller Jr., secretary of Police Chief Young.

Previous library romances, which through their frequency have attracted attention, have been in the Central and branch public libraries. The thirteenth of these public library romances within two years was made known last January.

Miller and Miss Kraemer became engaged several months ago, but did not take other library workers into their confidence. They had planned to marry in September. A few days ago Miller went to Tennessee to visit relatives. He wrote asking Miss Kraemer to hasten the date of their wedding, and she consented.

He returned on the next train after getting her reply, and they arranged for the ceremony, which was performed at 10:30 a. m. in the New Cathedral rectory on Maryland avenue, by Father O'Connor.

They left for Chicago on a noon train, and will take a lake voyage.

WARMER TUESDAY AND WEATHER WILL BE FAIR

SALOON SAFE WHEELED TO PHONE BOOTH, BLOWN

A burglar who broke into Garavelli & French's saloon at 308 Olive street Sunday night wheeled the 40-pound safe into a telephone booth and blew it open with nitroglycerin.

Charles Garavelli, one of the proprietors, says about \$250 was taken. The robbery was discovered by Eugene Ra, a bartender, when he opened the saloon at 5 a. m.

The burglar removed the screen from a window of a restaurant in the rear of the saloon. He is believed to have entered the saloon by crawling through a small service window used in passing food from the restaurant to the saloon.

The upper floor of the building is occupied by a business college and a billiard room. Both were closed. Two weeks ago someone broke open a slot telephone box in the same saloon and stole \$15 in nickels.

TINKER GOING TO WIFE'S BEDSIDE IN KANSAS CITY

CINCINNATI, O., July 28.—Manager Joe Tinker of the Cincinnati baseball club will leave after the game with Brooklyn today for Kansas City, where his wife is reported to again be in a serious condition.

PRESIDENT SEES NO MEXICO CRISIS: U. S. NOT EXCITED

Denied in Washington That Ambassador Wilson Recommended Co-operation Between United States Troops and Mexican Government in Restoring Peace.

U. S. TELLS MEXICO TO PUNISH SOLDIERS

Bryan, in Most Vigorous Note Yet, Also Demands Release of Americans at Chihuahua—Wounded Official Surrendered.

By Associated Press. WASHINGTON, July 28.—President Wilson does not believe the public mind in the United States is excited over the situation in Mexico, nor is he convinced that a crisis has been reported in the revolution itself.

This information was obtained in official circles today with an authoritative denial that any proposal looking toward a co-operation between American military forces and the Mexican Government for the restoration of peace had been suggested. Those who approached the President today on the Mexican situation found him disinclined to discuss it, as later he was to confer with Ambassador Henry Lane Wilson. Secretary Bryan arranged to see the President before the conference. The Secretary also continued his residence on Mexican affairs.

Just before Ambassador Wilson went into conference with the President he referred in conversation with inquirers to the proposals for solution of the Mexican difficulty, published today and attributed to him. He disavowed this statement, which he said he was anxious to have reach the Mexican people especially.

"With reference to published proposals today, I disclaim all responsibility for them; their origin is unknown to me and I regret that anything like them was made public."

It was learned at the White House, however, that reports crediting Ambassador Wilson with having advocated a set of proposals contemplating military co-operation with Mexico or intervention were unfounded. The President has received from Ambassador Wilson a historical account of events in Mexico in the last three years.

Secretary Bryan, after a call at the White House, sought information through a conference with President Brown of the Mexican National Railway on traffic conditions in Mexico and their relation to the paralyzed condition of commerce and industry. Latest reports from the embassy in Mexico City have reflected the financial situation.

No Recommendations Made. The Ambassador declared today he had not mentioned any remedies on the situation to anyone and had not even put on paper the plans he had in mind. He had reserved these, he said, for his personal conversation with the President.

Contradictory information has reached the Washington Government regarding the stability of the Huerta administration. It was said today to be a question of reliability of informants. Officials declined to state which reports were being credited. It was said, however, that in the last 10 days, there had been little or no change in the status of affairs in the Southern republic.

The strongest representations yet made by the present administration were communicated to the Huerta Government yesterday. The United States Government demanded not only the prompt arrest, courtmartial and punishment of the Mexican soldiers who shot Charles B. Dixon, an American immigration official at Juarez, Mexico, but the immediate release of two mining engineers—Charles Hissel of New York City and Bernard McDonald, an Englishman, imprisoned by Federal soldiers at Chihuahua City without cause and said to be threatened with execution. They were arrested for aiding American refugees in leaving Mexico and were prisoners for several days before the United States Government learned of their plight.

So serious were these incidents regarded in official circles that they largely overshadowed the theoretical considerations of policy which the visit of Ambassador Henry Lane Wilson had brought to a climax. The Ambassador was so exercised by developments in Mexico that he dictated two personalgrams, one to the embassy at Mexico City and the other to the American Consul at Juarez, and while Secretary of State Bryan slightly modified their tone, they were dispatched promptly.

H. L. Wilson Correspondent. Secretary Bryan telegraphed Consul Edwards to demand of the commandant of the garrison at Juarez that the officer and men connected with the shooting be arrested at once. Edwards was instructed further to demand that the men be held until their testimony could be taken by the Consul. This is an unprecedented step. It is unusual for American Consuls to examine foreigners charged with the commission of a crime against an American. This testimony will be used by the State Department.

department in its demand on Huerta for the punishment of the officer, a half-breed negro, and his men.

Administration officials now view the situation in Mexico with much greater apprehension than at any time in the past. Some of the officials believe the shooting was inspired by Huerta's officials and is part of the propaganda to create anti-American sentiment throughout the republic.

The several interviews accorded to Ambassador Wilson have drawn down on him a volley of criticism. From every point in official Washington the Ambassador is held to have acted "indiscreetly." It is pointed out that if he were trying to force the acceptance of the resignation that he tried to have presented to the administration in the last four months he was going about it in a way which would bring dismissal without honor.

President Wilson has gone over the report written by Ambassador Wilson, and with the Secretary of State and the Ambassador, will go into conference about 2 o'clock this afternoon.

According to reliable information the report written by the Ambassador states that the Mexican republic, from its southern boundary to the 28th meridian, is in control of the Huerta Government, and that north of the 30th meridian several bands of bandits are operating. Ambassador Wilson does not recognize Carranza as a revolutionist. He characterizes his followers as bandits, although he does not speak so harshly of Carranza himself.

The Ambassador's report on the financial situation in Mexico is a gloomy picture. He asked the President to lend the Government of Huerta, which, he declares is the only one that resembles stability in the republic, moral support by giving it official recognition. He adds that such recognition would aid the credit of the Huerta Government and make way for a quick settlement of the disturbances. He also urges that the neutrality laws be enforced to the letter. This would prevent the constitutionalists from obtaining arms or ammunition in the United States.

In many respects the report made to Secretary of State Bryan by Reginaldo H. Del Valle of Los Angeles, who was sent to Mexico City by Secretary Bryan, corroborates the report by Ambassador Wilson. It was learned that Del Valle characterizes the men under Carranza as mere bandits and robbers. Like the Ambassador he states the soldiers will stop at nothing and that their one aim is to loot. Carranza is spared severe criticism.

When the President takes up with Ambassador Wilson a discussion of conditions, he will also have before him a confidential report made by William Bayard Hale, the magazine writer, whom the President asked to investigate the Mexican situation.

Ambassador Wilson is charged again with being morally responsible for the assassination of President Madero and Vice-President Suarez by revolutionists in the State of Sonora. According to reliable reports, these charges are going into anything but a study of conditions in Mexico. The Senate Committee on Foreign Relations may have something else to say regarding the charges. Senator Bacon, Chairman of that committee, said today he would ask the Ambassador, when he appears before the committee, about the assassination of Madero and Suarez and his issuance of a circular calling on the United States Consuls in Mexico to recognize the Huerta Government.

DIXON RELEASED; TAKEN TO EL PASO

Immigration Inspector Shot by Mexican Soldiers Turned Over at U. S. Demand.

EL PASO, Tex., July 28.—An emphatic demand by American Consul T. D. Edwards in Juarez obtained the release yesterday of Charles B. Dixon Jr., the American Immigration Inspector, who was shot by Mexican Federal soldiers in Juarez Saturday. Dixon was brought to an El Paso hospital. High hopes are held for his recovery, as the bullet which pierced his abdomen did not penetrate the intestines.

The Mexican Federal officials have arrested Arthur Walker, a negro, and his companions, who are alleged to have formed a conspiracy against the American Immigration Inspectors who were working on a Mexican act case. It is said they made Federal soldiers drunk and then had Dixon arrested, when he answered a telephone call to Juarez.

To Gen. Francisco Castro, commanding the Federals in Juarez, Consul Edwards said:

"I do not request the arrest of these men, but, in the name of the United States Government, which I have the honor to represent, I demand their immediate arrest and their trial and punishment for the crime. My Government will hold the military authorities of Juarez personally responsible for failure to obey this command."

Supervising Inspector F. W. Berkshire, Clarence G. Gately, Alfred Burnett, Inspectors, and Dr. J. H. Tappan, United States Immigration Service Physician, made futile endeavors to have the Mexican officials release Dixon at once that he might be removed from the Juarez hospital, where he was kept under a military guard, and brought to an El Paso hospital for an operation.

The Judge of Letters held that as long as the charge had been made against Dixon by the negroes he must be held under bond pending an investigation. American business men in Juarez volunteered to raise the bond, but when the Consul made his demand of Justice and made a report to Washington, feeling against the Mexicans was intense when the authorities first refused to release Dixon and then was talk of forming a posse and crossing the border to obtain his release. Dixon is 25 years old and ranks as first-grade Inspector in the Immigration Service. He has

Photograph of Ambassador Wilson for Which He Posed in New York Harbor

Ambassador HENRY LANE WILSON (On his arrival in New York.)

worked at a number of stations for the service, having been transferred here from San Diego, Cal., six months ago. He is a native of Huntsville, Tex.

WIRES CHARGES AGAINST WILSON

Governor of Yucatan Says Ambassador Threatened Him if He Didn't Recognize Huerta.

EAGLE PASS, Tex., July 28.—The following statement about Ambassador Henry Lane Wilson today was telegraphed to President Wilson by Governor of the State of Yucatan, Mexico, now in Piedras Negras, the Constitutionalists' provisional capital:

"I am the Constitutional Governor of Yucatan, having been elected Dec. 19, 1911, and still holding under the constitution the office of Governor of the State."

"I am the brother-in-law of Vice-President Pino Suarez and was in Mexico City with my family during the February revolution, when Feb. 19 it became necessary for me to flee to save my life. My wife subsequently called on Ambassador Wilson and he told her that the telegram she should telegraph me at once and urge me strongly to recognize Gen. Huerta as President of the republic."

Vales' telegram declared the Ambassador threatened him with what would happen if Vales did not recognize Huerta. The telegram also specified other alleged actions of the American Ambassador to which Vales and Mexicans objected.

FULL UNDERSTANDING WITH JAPAN IN SIGHT

Purposes of Two Nations Shown Frankly in Negotiations Over California Law.

WASHINGTON, July 28.—Administration officials here are disposed to take an optimistic view of the negotiations with Japan arising from her protest against the California anti-alien land law and believe a complete understanding almost is in sight.

While there may be another interchange of notes, officials feel that the diplomatic correspondence so far has established the friendliness of the United States Government for Japan and the absence of intent upon its part to discriminate against Japanese. While there has been no specific solution of the questions arising, it is said a frank understanding of the purposes of the two nations has arisen from the negotiations.

MAN, WIFE, SON AND DAUGHTER ARE SLAIN

Bodies Found in Ontario Home—Woman Bruised Almost Beyond Recognition.

DETROIT, Mich., July 28.—A special from London, Ontario, says the bodies of George Robinson, a prosperous farmer living near Runsey, Ontario; his wife, a 12-year-old son and a daughter, 8, were found today in their home. All apparently had been shot to death, but Mrs. Robinson was bruised, almost beyond recognition.

FALL 3500 FEET OFF ALPS

ST. MAURICE, Switzerland, July 28.—A terrible slide was seen from Salvan last night. Three Alpine climbers were observed to be in difficulties and then to drop 3500 feet off the Salieres tower of the Dent-du-Midi.

The mountain climbers are believed to be Frenchmen who ascended the peak without a guide, despite warnings of danger.

Woman Killed by Lightning. MOBILE, Ala., July 28.—Mrs. M. Koberly, wealthy, residing at Brent, Fla., near this city, was killed by lightning last night while seated in a chair in her room. The bolt came down the chimney, demolishing part of the building.

TRAIN OVERTURNS IN MOUNTAINS; 27 HURT

Six Tourists Probably Fatally Injured in Accident Near Boulder, Colo.

BOULDER, Colo., July 28.—Twenty-seven passengers were injured, six probably fatally, when five coaches of the Denver, Boulder & Western train overturned in the mountains near Eldora, Colo., yesterday. In the five coaches were 125 passengers, mostly tourists from the East who were viewing the scenery of the Swissland trail.

The train had left Eldora about noon and was trying to make the customary wye turn when the rear coach left the track. The train crew tried to draw the coach back upon the track when it overturned and carried with it the next four cars.

The passengers were thrown from their seats, bruised and cut by flying glass. Those most seriously hurt were injured internally by the fall. The train was a narrow gauge one, a good working quality of soft finished cotton. Regular value \$1.00 each. Sale price 90c.

Among the injured are: Miss Mabel Beck, Dexter, Io, internal injuries; Miss L. B. Symmes, Dexter, Io, internal injuries; Mrs. E. L. Downey, Dexter, Io, arm broken; Miss Sadie Frank, Nashville, Tenn., face cut; Harry Packer, Kansas City, Kan., internal injuries and cuts; Ethelyn Hall, Lexington, Neb., wrist broken and face cut. The most seriously injured were taken to the University Hospital here.

PICNIC CROWD SPILLED BY COLLAPSE OF PLATFORM

Many Are Thrown to Shore and Into Boats While Watching Diver at Long Lake.

A wooden platform projecting over the water at Long Lake, which is near Stalling's Station, in Illinois, 30 miles north-east of St. Louis, collapsed Sunday afternoon when it was overloaded with men and women attending a local picnic.

The bridge was crowded with spectators waiting for Thomas Wilbur, a Chicago diver, to leap into the lake from a platform 40 feet above the water. Those who did not fall on the shore landed in boats beneath the platform. No one was seriously hurt.

Wilbur had taken his position and was ready to dive when the crash came. During the commotion he became excited and fell, landing on his back in the water. He was unconscious when taken out.

STRICKEN WITH SMALLPOX

St. Louis Traveling Salesman in Syracuse, N. Y., Hospital.

BUFFALO, N. Y., July 28.—Harvey Farrell, aged 24, of 1013 Grattan street, St. Louis, traveling salesman for a tobacco firm, was stricken with smallpox at Syracuse last night. The State Health Department is to investigate the matter.

Farrell was allowed to leave Oswego after he had consulted a doctor. He took a trolley car, and 50 persons were exposed, all of whom were immediately vaccinated as the danger was learned.

MAN STRUCK BY TRAIN

Hickster, 74, Walks Two Miles With Three Ribs Broken.

After three ribs on his left side had been fractured when a C. & Q. locomotive struck his wagon Sunday at Hain and Buchanan streets, Walker Vogt, 74 years old, a hickster, walked two miles to his home at 1829A Warren street. He collapsed after entering the house, and physicians said his recovery is doubtful.

"Did you enjoy your vacation Dorris?"

"I certainly did, Billy! But it was almost spoiled, right at the start. You know we had our own bunch down there and had to stick together pretty closely. Well, the very first day Ruth slipped on a pebble and sprained both wrists. And there we were—with a soul to play the piano."

"Finally, Jack Evans had an inspiration. He got Vandervoort's on the phone and made arrangements to have a Victrola sent down. He mailed them a money order for the first payment and in a day or so, down came a bulky big \$25 Victrola and \$9 worth of dance records—all the dandy new ones—'The End of the World', 'Melinda's Wedding Day', 'Snooky Oukums One Step Medley', 'Great Big Blue Eyed Baby Medley', 'Good-bye, Boys, Medley', 'One Step—and that beautiful 'A Little Love'—why, Billy, we had a glorious dance, every evening—the latest music to the latest hours."

Moral—

If you are "stranded" somewhere (at home or away) this summer—musical and dancing—get in touch with Vandervoort's. Arrangements can be made to ship you a Victrola and records by the following plan:

\$1 brings you Victrola IV—\$15—and \$9 in Victor records (your selection). Payments 50 cents a week for 16 weeks.

\$2 brings you Victrola VI—\$25—and \$9 in Victor records (your selection). Payments 80 cents a week for 40 weeks.

Victrola Section—Sixth Floor.

For Those Who Do Preserving

Now is the time when many are buying their Preserving Jars and Utensils. We are prepared to supply all such demands with the best for the price no matter what the price.

HUSBAND APPEALS TO PUBLIC TO FIND KIDNAPED BRIDE

Iola (Kan.) Man Declares That Cries Are Too Large for Him to Make Quest.

SURE SHE IS IN DURESS

Secret Warrant Is Issued for Prominent Merchant—No Trace of 15-Year-Old Girl.

Special to the Post-Dispatch.
IOLA, Kan., July 28.—The issuance of a warrant against a prominent business man of Iola, whose name is withheld by the authorities, is the latest development in the strange disappearance of Mrs. Harvey Dean.

Mrs. Dean is only 15 years old, and had been married only four days when she was lost to her husband under circumstances as mysterious as those upon which the old story of English novels are based.

Dean told the police on July 24 that he and his wife were in a local park the night before, listening to a band concert, when a strange man approached and addressed Mrs. Dean.

Dean said his bride was indignant and the stranger became defiant, but left when he ordered him away. A few minutes later, according to Dean's statement, Mrs. Dean excused herself to speak to some acquaintances, saying she would return immediately. She did not come back and Dean spent the remainder of the night and all of the time since in a fruitless search for her.

Dean said he believed the stranger had kidnapped his wife. She did not speak to the man when he accosted her in the park and Dean was certain she never had seen him before. Officers were detailed to search for the woman and her husband accompanied them.

The Deans had been married on the preceding Sunday. County Attorney Forrest refused to make public the name of the man for whom the warrant is out. It is known, however, the man is a well-known resident of Iola, who has been under suspicion from the first and whose appearance tallies with the description given by Dean of the stranger who accosted his wife in the park.

Federal officers have been elated in the search for the bride, as one report said she had been seen on a train in Oklahoma.

Husband Makes Appeal.
All almost to the point where he must make his bed, over the disappearance of his wife, Harvey Dean issued this appeal today:

"To the public:
"I beg all good people everywhere to aid me in tracing and apprehending the man who stole my wife and to assist me in finding her.

"If every good citizen will take it upon himself to keep a lookout for her and my wife, and inform the officers of any clue, they will soon be found. Some have asked me why I do not take up the chase and follow the trail so far as it has been discovered. I answer that I cannot do that. Iola is the largest city I have ever in. What would I do in Kansas City or St. Louis?

"I want to say to the public that this case is as mysterious to me as it is to the people. Why would my wife run away from me unless under duress? We were just married, and she had never been away from me before. I have never seen her since. I have never seen her since. I have never seen her since.

"Now, where is the motive for her leaving me? How could she do it unless there was something that compelled her to do so?

Must Hear Her Story.
"I would listen to any suggestive stories about what my wife may have done. I must hear from her own lips about this terrible affair. Right now she may be shrinking from this monster who took her away from me and yet unable to escape from him. She may be locked in a room suffering all kinds of torture and her cries for help are going unheeded. Who is it that asks me to ignore this, when everything points to the fact that Mary is not responsible for such a situation?

"It is glad to take her back and return to the little village home and live there peacefully and quietly away from these noisy, wicked towns and cities.

"As near as I can learn, the man who stole my wife is about 25 years old, about 5 feet 6 inches in height, dark hair and dark eyes; wore soft shirt, brown crushed hat and brown suit with last seen.

"My wife is about 15 years old, but appears older; has dark hair and blue eyes.

WATER FLOODING COPPER MINES CLOSED BY STRIKE
Lower Pumps in Calumet Shafts Out of Commission—Shallow Workings Operated.

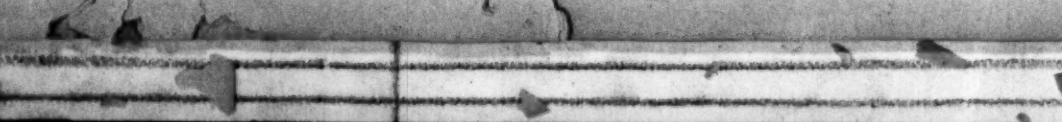

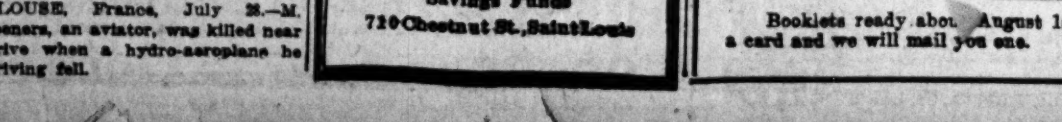

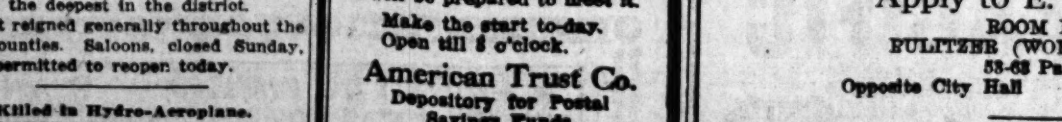

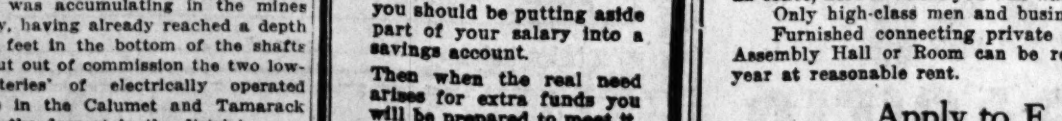

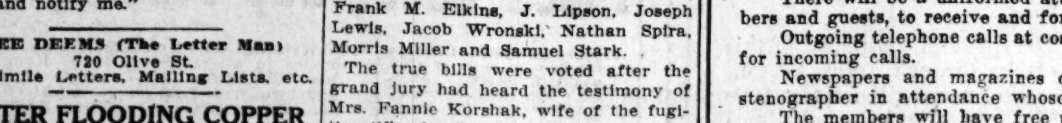

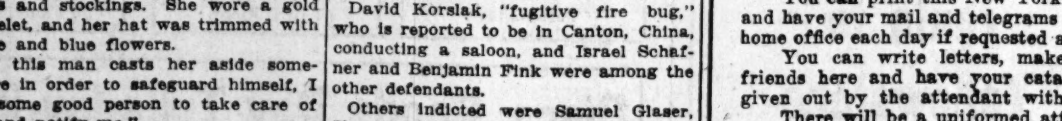

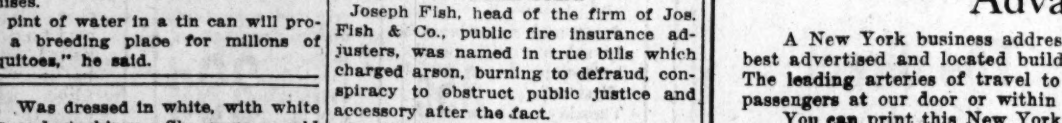

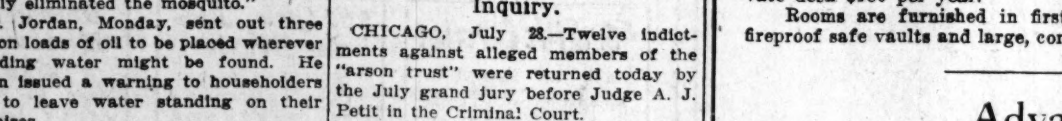

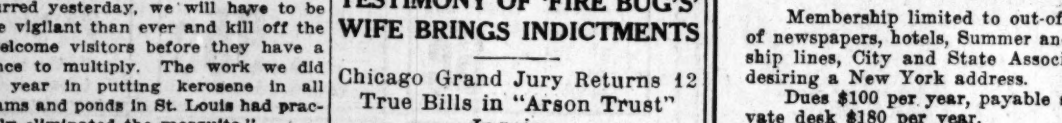

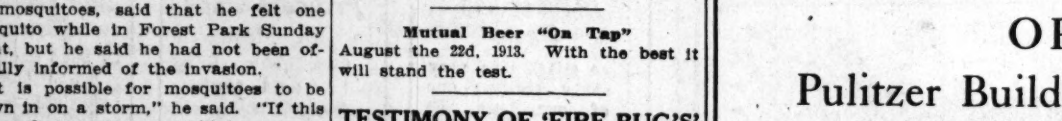

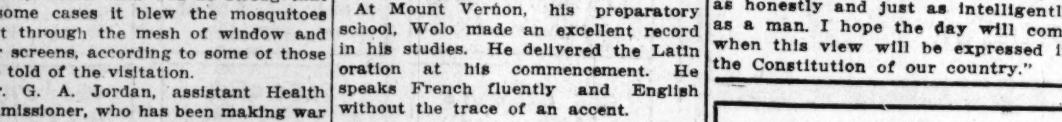

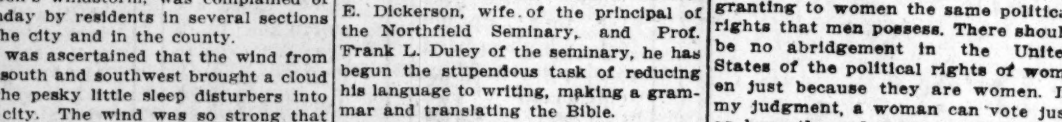

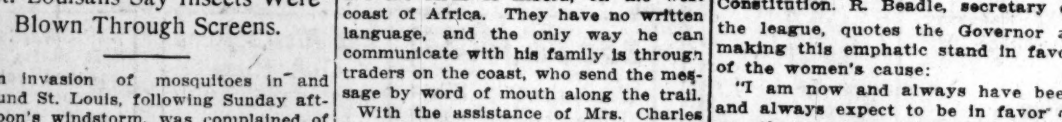

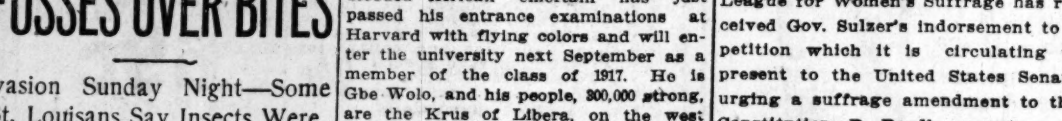

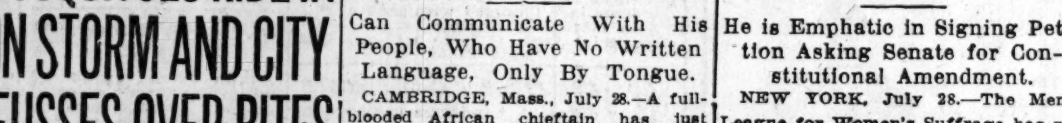

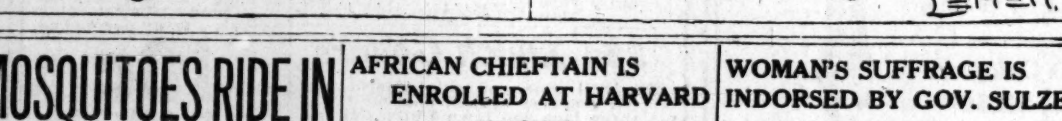

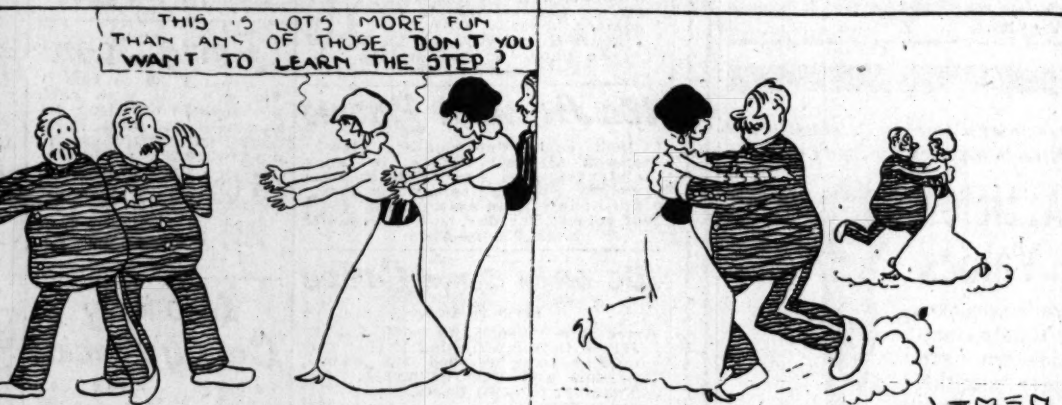

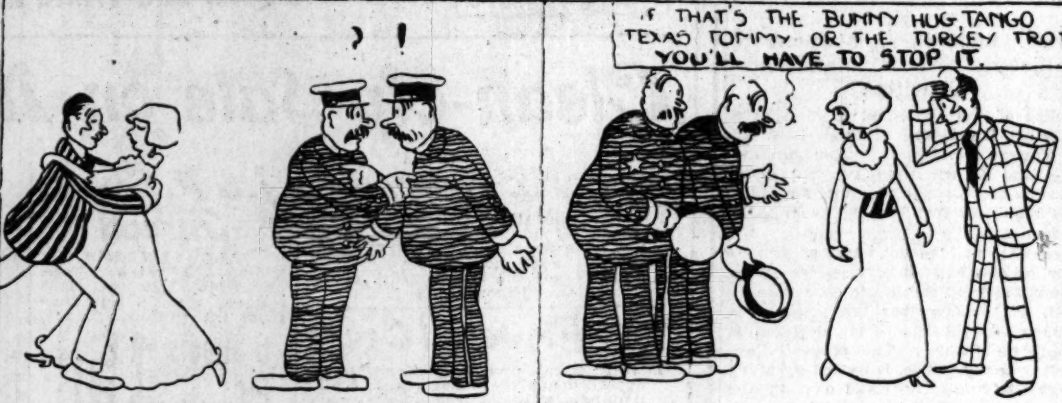

CALUMET, Mich., July 28.—Only preliminary efforts to open up the copper mines, closed last week by a strike, took place today on the South Range. Pumps were started in some of the shafts, but on the deep conglomerate ledge workings of the Calumet & Hecla not a wheel moved.

Officials of the company said they had asked none of the pumps to report for work yet. It was acknowledged that water was accumulating in the mines rapidly, having already reached a depth of 300 feet in the bottom of the shafts and put out of commission the two lower batteries of electrically operated pumps in the Calumet and Tamarack mines, the deepest in the district.

Quiet reigned generally throughout the two counties. Saloons, closed Sunday, were permitted to reopen today.

SHOOTING ESTRANGED WIFE WHO REFUSES TO SPEAK AT PARTY

St. Charles County Farmer Fires Six Times and Also Wounds Hostess.

TRIED TO KISS HIS CHILD

Mrs. Louis Seeler Objected, Making Husband Angry—He Surrenders to Sheriff.

Becoming furious when his wife, from whom he had been separated for several months, refused to speak to him at a party and objected when he kissed their baby son, Seeler, a St. Louis County farmer, emptied six cylinders of a revolver in an effort to kill her, Sunday afternoon.

One bullet struck her in the back and one in the arm. Another bullet struck Mrs. Jacob Rau, an elderly woman, at whose home the party took place, inflicting a serious wound in her leg. Both women are in serious condition at St. Joseph's Hospital in St. Charles.

Arrested at His Home.
Seeler was arrested by the Sheriff an hour later at his farm home at Elm Point, three miles from St. Charles. On his way there Seeler had told a neighbor, Henry Moentmann, he had killed his wife and had reserved one bullet for himself. He made no resistance to the Sheriff, however.

Seeler and his wife have been married about six years and have two children, the eldest a boy of 4. They separated last spring after the wife had had Seeler arrested, charged with beating her. A Justice of the Peace fined him \$20 on this charge. At the time the man wept and blamed his wife's relatives for his troubles.

The Rau home is in the outskirts of St. Charles. It is believed that when he passed there on the way to town Seeler saw his wife there. He went into St. Charles and bought a box of cartridges.

When he joined the party at the Rau home, his wife ignored him. He started away and had picked up the child to kiss it good-by when Mrs. Seeler started to take it.

As he shot at her, Seeler held the rest of the box of cartridges in one hand until Rau struck them out of his grasp.

MISSOURIANS IN SEATTLE
Senate Commission Begins Investigation of Insurance Laws.

SEATTLE, Wash., July 28.—Five Missouri State Senators, members of the Industrial Compensation Commission of that State, began today to investigate Washington insurance laws for the purpose of framing a suitable compensation act for Missouri.

Members of the commission are Benjamin L. White, chairman; W. C. Goodson, secretary; W. M. Busby, R. C. McClintock and A. S. Phillips.

Ends Her Life with Shotgun.
CARRINGTON, N. D., July 28.—Placing the muzzle of a shotgun in her mouth and using a clothes prop to release the trigger, Mrs. Anna Blading, aged 33, ended her life here. She had been ill for some time.

OPEN
Pulitzer Building Office Club

Membership limited to out-of-town business firms, representatives of newspapers, hotels, summer and winter resorts, railroad and steamship lines, City and State Associations, patriotic and other societies desiring a New York address.

Dues \$100 per year, payable semi-annually in advance. With private desk \$180 per year.

Rooms are furnished in first-class manner with sanitary desks, fireproof safe vaults and large, comfortable leather chairs.

Advantages
A New York business address in the Pulitzer (World) Building, best advertised and located building in New York and always open.

The leading arteries of travel to all boroughs and New Jersey land passengers at our door or within five minutes' walk of same.

You can print this New York address on your business stationery and have your mail and telegrams addressed here and forwarded to the home office each day if requested and make it your office when in town.

You can write letters, make business engagements, meet your friends here and have your catalogue and literature displayed and given out by the attendant without further cost.

There will be a uniformed attendant at the door to receive members and guests, to receive and forward mail and take telephone calls. Outgoing telephone calls at cost and paid for when used, no charge for incoming calls.

Newspapers and magazines on file, stationery free, and public stenographer in attendance whose charges are reasonable.

The members will have free use of the New York World Travel and Information Bureau.

For \$5 a year additional members can have their names put in the directory in the building.

Names of all callers will be mailed daily to the office.

Your membership will start on the first of the month following the acceptance of your application and the payment of \$50, the first six months' dues.

The management reserves the right to reject any application; and later, if we find any one who is objectionable to the building or other members, after 10 days' notice we will refund him his unused dues and expel him from the Club.

Tickets of Membership will be issued to Members. None others will be admitted except parties wishing to see members and their guests. Every firm doing business should have a New York Address.

If you haven't it, this will give you a chance to have one at a very low cost, and when your business grows, as it will, so that you will need an office, here is where you will want to locate.

Only high-class men and business firms will be accepted.

Furnished connecting private office for board meetings and the Assembly Hall or Room can be rented by the day, week, month or year at reasonable rent.

TAKES CONSTABLE'S AUTO BY MISTAKE AND LANDS IN JAIL

Son of Former Councilman Claims Machine Belonging to Clayton Official.

ASKS OWNER TO FIGHT

Claimant of Machine Says He Had Sampled Several Brands of Champagne.

A man who said he was Joseph A. Boyce of 5115 Glenview avenue, son of Capt. Joseph Boyce, former City Councilman, spent Sunday in the Clayton Jail because he made the mistake of thinking Constable Peter Bruno's automobile was a car which he had hired by the hour.

Bruno went into Caffery's cafe, Delmar boulevard and Hamilton avenue, for a few minutes Saturday night, and when he went outside he saw the man in the back seat of the car.

"This is my car," he told Bruno, when the constable inquired what he was doing there. "That is, I hired it by the hour."

Bruno told the stranger he was mistaken, and advised him to get out. But the man remained in the car and Bruno started it for Clayton with him aboard.

Bruno was undecided what to do with his passenger until the man put his feet up on the back of the front seat, with his heels pressing against the constable's shoulder blades. Then he lost no time in taking the man to the Clayton jail.

When the passenger realized that he was to be locked up, he challenged Bruno to lay aside his star and revolver and fight. A deputy constable and the courteous janitor assisted in depositing him in the jail. Justice Wermeyer issued a warrant charging him with resisting an officer.

After telling the officers his name was Boyce, the man asked that messages be sent to a number of his acquaintances, including G. Lacy Crawford, James J. Gallagher, Dan Meehan and Ernest Wells. He said he had been sampling brands of champagne before he mistook Bruno's machine for a taxi.

ELECTROCUTED IN GARDEN

Woman, Loosening Earth Around Cabbage, Hits Live Wire.

HIBBING, Mich., July 22.—Mrs. Louise Colliard was electrocuted today by coming into contact with a live wire when loosening earth around cabbage plants in her garden.

Mrs. Colliard lived near an open pit mine. While one of the shovel crews was working, a pole bearing cables carrying current to the mine fell and the wires dropped in her garden.

Child Seen Dangle Killing. FREDERICK, Ok., July 22.—Believed to have been dangled, Charles Trull, a farmer near Tipton, cut his wife's throat with a razor and then slashed his own throat. Both died a few hours later. A 7-year-old daughter of the couple witnessed the tragedy.

Former Boss to Oppose Lord Barrington's Pardon

Left to right—Lord Barrington, Jack W. L. Gillespie, James P. McCann. Photograph taken in St. Louis saloon where Barrington was the attraction.

Jack Gillespie, Who Hired Bogus Peer to Draw Saloon Trade, to Protest to Board.

Jack W. L. Gillespie, who was proprietor of "Lord Barrington's Bar" at Broadway and Chestnut street in the spring of 1903, and who introduced Barrington to James P. McCann, for whose murder Barrington is now serving a life sentence, has come forward to protest against Barrington's appeal for a pardon.

"I feel that I had a narrow escape from McCann's fate," Gillespie said Monday. "I hired Barrington to draw

SILK STRIKE IS ENDED AND EVERYBODY LOSES

NEW YORK, July 22.—The last kick went out of the Paterson, N. J., strike today, when the handful left of the original 26,000 striking silk mill workers decided to go quietly back to work as fast as the mills can make places for them.

The strikers are returning to the wages and the conditions they left Feb. 25. They have a loss in wages of \$5,000,000 to struggle against, the city of Paterson is out \$50,000 spent for extra police protection, the manufacturers estimate their loss at \$1,000,000 and admit it may take years for the city to regain its prestige as a manufacturing center.

The police are thankfully resting after having made 2382 arrests, lawyers and judges are hastening strike cases still on the docket, armed guards are being slowly withdrawn from the strike centers, and the wheels are turning in all of the 309 mills affected.

Kline's
509 Washington Av.

Tuesday—a special sale of over

300 New Fall Suits

Actual values up to \$30.00—at

\$10.00 and \$15.00

INCREDIBLE as this offering may appear, we assure you we are stating the facts conservatively, and you will find the values exactly as we advertise. On account of the magnitude of our purchases, one of the best suit manufacturers in New York made us a special concession on this particular lot—and, in addition to this saving, we have sacrificed virtually all our profits on these suits in order to induce your immediate selection.

Remember—these suits are in the very newest and best fall models. MADE in the new long cutaway effects—in plain serges as well as mannish worsteds in blue and black—some are severely plain tailored—others are draped and slashed effects—all are tailored up to our usual high standard—stably lined with finest yarn-dyed silks—and come in all sizes for ladies and misses—positively the greatest values we have ever offered so early in the season.

Other unusual values in Fall Suits are shown at \$19.75, \$24.75, \$29.75, \$35.00 and up to \$50.00.

Unquestionably the largest and most select display to be seen anywhere in St. Louis at this advanced date.

LEGS OF MAN AND WOMAN BROKEN IN AUTO ACCIDENT

Mexico (Mo.) Builder and Wife of His Foreman Injured Near Springfield, Mo.

SPRINGFIELD, Mo., July 22.—While automobile riding yesterday afternoon with Mrs. Charles Doole, wife of his foreman, J. B. Evans, head of the Evans Construction Co. of Mexico, Mo., turned the automobile over near here and suffered a broken leg and severe bruises. Mrs. Doole's leg was broken.

The Post-Dispatch is the only evening newspaper in St. Louis that receives or publishes news obtained by the Associated Press.

GIRL FALLS WHEN TRAPPED ON HIGH TRESTLE BY CARS

Miss Mary Gallagher, 19, Suffers Injuries to Spine Near Suburban Garden.

Miss Mary Gallagher, 19 years old, of 4818 Cottage avenue, fell Sunday night from a high trestle near Suburban Garden, on which the Kirkwood-Ferguson cars cross the Terminal Railroad belt's tracks. Her spine was injured and she is in a serious condition in St. John's Hospital.

With her sister Agnes, 17 years old, and a cousin also named Agnes Gallagher, 15, she was crossing the trestle, which is 120 feet long, at 8:30 p. m. They were on their way from the cousin's home to Suburban Garden, where they intended to take a Hodiament car for their home. The sisters are the daughters of Patrolman James Gallagher.

Near the middle of the trestle the three girls screamed as they saw that a northbound car was bearing down on them. They stepped quickly to the other track, only to see a southbound car even nearer to them.

Two Escape by Standing Still. The bells of both cars clanged as the motormen saw the imperiled girls. In

the glare of the two headlights, Mary Gallagher did not see that the cars, which had been running at moderate speed, were slowing down as the motormen applied the airbrakes.

The two younger girls stood in the space between the two tracks, which is wide enough to be a place of safety if one could stand still or lie flat. But Mary Gallagher stepped to the ties outside the rails. Whether she jumped or fell, the others were unable to tell. They heard her scream and saw her plunge off the framework.

The cars stopped and the conductors ran down to the railroad tracks and picked up the injured girl. Dr. L. E. Tiernon of 630 North Broadway was on one of the cars, and he said that her back and her left hip were seriously injured, besides bruises and cuts. She was taken to Suburban Garden and thence to the hospital.

POND MENACE TO HEALTH

Police Request Abatement of Nuisance Near Michigan and Charlton.

Police of the Wyoming Station have requested the Health Commissioner to aid citizens residing near Michigan avenue and Charlton to get rid of a nuisance in the shape of a shallow, stagnant pond, 260 feet long by from 25 to 100 feet wide.

Residents declare the water seeps into their cellars and many suffer from rheumatism and malaria in consequence. Capt. Pickle describes the pond as a menace to health, and declares it should be drained. The property, according to the police, is owned by Mary Wernick of 204 Nevada street, the S. P. Lee estate and part of it belongs to the city.

OLIVE 6600 CENTRAL

WIFE INSISTS HER HUSBAND SURVIVED DIVE FROM BRIDGE

Hundreds Who Saw O. E. Stuber's 100-Foot Plunge, Convinced He Was Killed.

SEARCH MADE FOR BODY

Man Who Rowed Him to Free Structure Asserts He Did Not Know of Plan to Leap.

While the river is being dragged for the body of her husband, Oscar E. Stuber, who jumped from the free bridge Sunday afternoon, Mrs. Stuber refuses to believe he was drowned and awaits his coming at their home 3506 Papin street.

Sunday sightseers along the levee who witnessed the leap from the bridge have no doubt that Stuber went to his death. After jumping feet first from the middle span, more than 100 feet above the river, he failed to keep his poles in the air. He turned a half somersault when dropping and struck the water on his back. All of the witnesses say that he sank and did not come up again.

"I don't believe my husband was drowned," said Mrs. Stuber. "Something tells me that he was not. Every time I hear a step on the walk I expect to see him come in."

His Small Life Insurance.
Mrs. Stuber said that her husband took out life insurance three weeks ago. She said the amount was small and would be barely enough to pay funeral expenses.

Stuber was 40 years old and a harness maker. He was a skillful diver and had made several leaps from the Eads bridge. When he left home Sunday afternoon he told his wife that some men had offered to give him \$75 if he would jump from the free bridge. He did not tell her who they were.

Going to the foot of Chouteau avenue he was rowed across the river by Edward Wagner, a member of the St. Louis Rowing Club. A large crowd was at the river front to witness the championship swimming race.

Arriving at the east end of the bridge, Stuber climbed a temporary stairway and in plain view of the crowd walked to the middle of the bridge. There he took off his outer clothing and stood forth in a swimming suit.

Falls to Come to Surface.
For a moment he gazed down at the swift current and then jumped. Wagner, who was waiting to pick him up, searched for him in vain after he struck the water.

Mrs. Stuber and her three children are without means and have little food in the house.

SYLVIA PANKHURST JAILED, FIGHTS POLICE

She Is Taken Leading Way Toward Asquith's House After Record Demonstration.

By Associated Press.
LONDON, July 28.—Sylvia Pankhurst, the militant suffragette who was out on license under the "cat and mouse law," was the leader of a suffragette demonstration which surpassed all previous Sunday afternoon affairs of the sort. In the rioting which followed Miss Pankhurst was rearrested and taken to Holloway jail. The meeting, held in Trafalgar Square, was attended by enormous crowds.

"The time for speaking is over," she said. "Deeds, not words, are wanted. Let us all go to Downing street."

Miss Pankhurst at the police station struggled desperately with officers and smashed a window with a ruler which is used to measure prisoners.

Two women later were arrested for throwing stones at Mr. Asquith's windows. In the rioting several policemen were badly injured by kicks and blows.

Mrs. Emmeline Pankhurst is improving rapidly as the result of an operation for the transfusion of blood to her from a healthy young suffragette. The operation was made necessary by the weakened condition of Mrs. Pankhurst following her hunger strike. Many suffragettes volunteered themselves for the operation.

Wife's Improved Condition, So, Cigar satisfies the Smokers.

MINORITY WEARY OF ITS FUTILE FIGHT ON TARIFF

Democrats Believe Final Vote May Be Had Considerably Before Sept. 1.

WASHINGTON, July 28.—Republicans are growing weary of their uphill fight against the duties carried in the Derrwood-Simmons tariff bill. Four days of continuous wrangling over the items carried in the chemical schedule have demonstrated the futility of prolonging the contest.

There are indications that the minority generally will desert from its fierce opposition, realizing the hopelessness of making a permit greater progress to be made on the measure. Democratic leaders are so much encouraged by these evidences of weariness that they predict a final vote considerably before Sept. 1.

The Republicans thus far have been unable to accomplish anything but put themselves on record and cannot force changes in the bill because of the fact that the Democrats have been bound by a caucus pledge. On each vote the Democrats thus far have been able to maintain a majority and they undoubtedly will be able to do so throughout the controversy over the bill in the Senate.

Kathryn Burns and Helen O'Neal, lemonade stand, 2 23

Five helpful and finely enthusiastic young folks, determined upon scoring a big success for the tenement babies, gave a lawn party at 4120 Peck street, the benefit of the Post-Dispatch Pure Milk and Free Ice Fund and fully realized their expectation of success, earning a total of \$38 with which to aid in rescuing the little ones of the poor.

These five youthful workers, four girls and a boy, were Lucille and Evelyn Pohlman of 2311 Greer avenue, Carl and Marcella Gerber of 2317 Greer, and Norma Kenkel, 2333 North Market street, and they feel justly proud of their achievement.

A pleasing program of comedy sketches, recitations and graphology numbers was presented. George Thindler of 3814A Vest avenue, kindly assisted in this entertainment, giving a series of specialty "bits" and highly distinguishing himself as a comedian.

The five young folks return thanks for donations of supplies for refreshments, etc., to the Banner Creamery, Chris Gross, Mrs. Connors, Alfred Pauler, the Paaschedag company, Home Bakery, Feterman Bakery, Messrs. Melhardt, Kuhnert and others.

A. C. Davis, secretary-treasurer of the Farmers' Educational and Co-Operative Union of America, at Rogers, Ark., and Mrs. Davis, contribute \$5 to the Pure Milk Fund.

Dorothy and Charles Berninhaus, Katherine Doelner and Gerald Fisher conducted a lemonade stand and

earned \$2 for the Pure Milk Fund to save the babies.

The Wapo Group, Camp Fire Girls, Y. W. C. A., send \$3.90 to the Pure Milk Fund for the rescuing of the tenement tots.

Ruth Strommer, 2733 Fair avenue, contributes \$1.20 to help save the babies.

DOCTOR, 71, STRUCK BY AUTOMOBILE, IN CRITICAL CONDITION

Dr. Philip Scholz Injured by Saloon Keeper's Machine as He Alights From Car.

Dr. Philip Scholz, 71 years old, of 1110 Ferry street, is in a critical condition at St. Mary's Infirmary, 1547 Papin street, from injuries received Sunday afternoon when he was struck by an automobile driven by Frederick Schuler, proprietor of a saloon at 300 South Fourteenth street.

Schuler, according to the police report, violated a city ordinance by not stopping his auto when a Bellefontaine car which he was trailing stopped in front of 302 North Fourteenth street. One of the passengers leaving the car was Dr. Scholz, and Schuler's machine struck him.

Dr. Scholz was caught between the automobile and car and was dragged 10 or 15 feet. His son, Dr. Roy P. Scholz, was in the older physician's office, opposite, and ran to his father's aid. At the hospital it was found the injured man's skull was fractured and that he was unconscious from concussion of the brain.

He was unconscious at noon Monday. His recovery is considered doubtful. Schuler gave himself up at the North Market Street Police Station. He was released on bond. Witnesses told the officers that he sounded no warning as he drove his machine around the sunning car.

Scholz is the son of Joseph Schuler, a prominent Republican politician. Several weeks ago Excise Commissioner Anderson revoked the Schuler saloon license because gambling was permitted in the place. A short time later Anderson permitted him to reopen the saloon.

The Fifth August Fur Sale Is Proving a Great Success

The new and most acceptable models in desirable furs for the Winter of 1913-14 are offered at prices that justify and make present buying most profitable for you. You can realize a very substantial saving over the Winter prices.

One of the features of this August Fur Sale is this—All purchases made during this Summer Sale of Furs will be held free of charge in our Cold Storage Vaults until wanted in the Winter months, and charged on that month's bill. Those not having a charge account may enjoy the same privilege by paying a deposit on the purchase.

Women's August Sale Fur Coats

Black Russian Pony Coats from \$19.75 to \$95.50
French Seal Coats from \$39.75 to \$125
Caracul Coats from \$29.75 to \$95
Moline Coats from \$39.75 to \$145

These garments come in the new three-quarter as well as the full-length models. Many of them have collars and cuffs of contrasting furs.

Women's August Sale Muffs and Neckpieces

White Iceland Fox Sets, \$3.95 to \$19.75
Black Hudson Lynx Sets from \$10.95 to \$29.75
Natural, Black and Blue Wolf Sets from \$19.75 to \$29.75
Black Fox Sets from \$16.50 to \$39.75
Red Fox Sets from \$19.75 to \$59.75

Many other models in the new combination furs as kit fox and mole, Hudson seal and ermine, moufflon, civet and seal, Russian mouse, chinchilla, squirrel and seal and many other new novelty fur sets.

We are also prepared to submit estimates which mean furs made-to-order at Summer rates which mean savings of 25% to 33 1/3% off.

Alaska Seal Coats, Natural Mink Coats, Hudson Seal Coats, Broadtail Coats, Baby Caracul Coats, Persian Lamb Coats. Sets of Russian and Hudson Bay sable, chinchilla, ermine, mink, fisher, mole, fox and all desirable furs. (Third Floor.)

August Sale of Furniture

Began today, and we have never seen so many enthusiastic buyers in the Furniture Store at one time at any past August Sale.

The opportunity of saving a substantial sum on Furniture which "toes the mark" of the most rigid quality-standard is appreciated, as evidenced by the attendance of today's buyers.

The August Sale is equally strong in Furniture for any room—for every room.

It will bring a substantial saving to those who have only a few Furniture wants and a proportionately larger saving to those who have quantities of Furniture to buy.

Special terms of credit will be granted to those who desire it. See Credit Dept. (Fourth Floor.)

There will be no extra charge for the storing of purchases of August Sale Furniture.

Specials That Spell E-C-O-N-O-M-Y

BAILEY FOR GOVERNOR

AUSTIN, Tex., July 28.—Close friends of former Senator J. W. Bailey made the statement today that he would announce his candidacy for Governor in a public speech which he will make at Pilot Point Aug. 6.

EX-POSTMASTER ENDS LIFE

BLOOMINGTON, Ill., July 28.—Earl B. Riddle, aged 43, former postmaster of Leroy, ended his life today at his home. Dependancy over financial troubles and the loss of his postoffice position led to his act.

KILLED IN A BALL GAME

ST. JAMES, Minn., July 28.—Running into deep centerfield to get under a long high fly in a baseball game here, Richard Bloomquist, a young farmer, crashed into a hay bumper and was pierced through the chest by an iron prong. He died shortly after.

WHITE GIRLS, WITH NEGRO SOLDIERS, IN CAMP, JAILED

Negro Alleged to Have Got Them in Vermont Eludes Army Men in Virginia.

Special to the Post-Dispatch. WINCHESTER, Va., July 28.—Despite the fact that several hundred regulars of the various cavalry companies camped near town at the maneuvers ground have searched for him, the giant negro, Franklin, who, it is alleged, was engaged in a traffic in women and whose place near the camp grounds was raided Thursday night by the Sheriff, assisted by United States army officers, has so far eluded capture. A warrant charging Franklin with violation of the Mann act has been issued by United States Commissioner J. A. Tavenner and the cavalry officers are doing all in their power to assist the local officers in finding Franklin.

The young white women who were found in the company of negro troopers of the Tenth Cavalry at 2 a. m., when Franklin's tent was surrounded, are still in jail. They refuse to disclose their identity, but it is said by cavalry officers that they followed the Tenth Cavalry all the way from Fort Ethan Allen, Vt., and Sheriff Pannett has in his possession letters written by one of the girls to other girls to come to the soldiers' camp and holding out alluring offers.

Wherever the negro, Franklin, is hiding, he is in scanty attire and must be living off berries in the woods, because when he escaped he was in his night clothes and it has been impossible for any of the troopers to have aided him and he is a stranger here, being a Vermont negro. He has amassed a fortune, it is alleged in a long pursuit of his nefarious business.

BRYAN O'K'S BREWER FOR ENVOY; PROTESTS POUR IN

Anti-Saloon Leagues Object to Chicagoan as Minister to Balkan States.

WASHINGTON, July 28.—Secretary of State Bryan is in fresh trouble. The sincerity of his grape juice policy is being questioned. Devout friends and supporters in church temperance societies are sending him letters and telegrams expressing painful surprise on account of reports that he is to have a brewer appointed to a high office.

Charles Vohlica is the president of a large brewery in Chicago. He has been endorsed strongly for appointment as Minister to the Balkan States and it is understood the nomination is about to be sent to the Senate by President Wilson on Bryan's recommendation.

The Anti-Saloon League of Illinois has started a campaign of protest and has sent telegrams to leagues in other states urging that they join in systematic opposition to the impending appointment. National headquarters of the league in Washington has taken up the case and is communicating to a number of other temperance societies to enlist them in the cause.

SEE DEENS (The Letter Man) Facsimile Letters, Mailing Lists, etc. AUTO HITS MOTORCYCLIST BLINDED BY SEARCHLIGHT

Emil Kappetan Painfully Injured in Collision With Bradford Shinkle's Car.

Emil Kappetan, 18 years old, of 822 Geyer avenue, was run down and injured at 2:30 a. m. Sunday, when his motor cycle collided with an automobile owned and driven by Bradford Shinkle of 7106 Delmar avenue.

The accident occurred at the intersection of the North and South road and the Olive Street road in St. Louis County.

Shinkle's machine carried a powerful electric headlight. He and those with him in the car said that Kappetan may have been blinded by this light, but they also said that if Kappetan had been on the right side of the road the collision would not have occurred.

Kappetan's right wrist was dislocated and his head and neck were severely injured. He remained unconscious for several hours. Surgeons have not yet determined whether his skull was fractured. At the sanitarium Monday it was said that his condition showed improvement.

With Shinkle in his automobile were Clarence A. Fielder and Howard Stefans, both of 8 Beverly place, and David Lemon of 715 Goodfellow avenue.

FOREIGNERS QUIT CANTON

British Ships Ready to Carry Others to Hongkong.

HONGKONG, July 28.—The British river steamers at Canton have been ordered by the Consul to have steam up in readiness, if necessary, to embark the women and children from the suburb of Shamoon, where most of the foreigners reside.

JACOB SLUPSKY INJURED

KANSAS CITY, Mo., July 28.—Jacob Slupsky of 3307 Waterman avenue, St. Louis, a real estate operator, was severely injured here today by being thrown from a street car that started forward while he was in the act of alighting from it.

He was unconscious when he was picked up and removed to the home of J. D. Brodsky, his son-in-law, where physicians found that, in addition to internal injuries, he had received a fracture of the knee and numerous bruises. He will recover.

Week's Weather Generally Fair Mild Temperature

WASHINGTON, July 28.—EXCEPT for local thunderstorms generally fair weather is predicted for the coming week by the weather bureau and no unusually high temperatures are expected.

BULL, AFIRE, CHARGES CAMP MEETING; 50 HURT

Worshippers Who Just Had Heard Sermon on Hell Fire, Trampled One Another.

MILLWOOD, Ga., July 28.—With his head on a big bull, bellowing furiously, charged a camp meeting near here and stamped the congregation, according to a story told here today. A thousand persons were listening to the preacher discoursing on the horrors of hell fire when the blazing bull charged. Many of the congregation, under the spell of the preacher's description of hell, thought the bull was the devil himself and trampled one another in the rush to escape. Fifty persons were injured.

The bull had been on the range and rubbed his head against turpentine boxes until it was covered with tar. When the bull was driven home there was a fire in the pen. He charged the blaze and his head was ignited.

CURED TERRIBLE HUMOR ON FACE

Could Not Go On Street Without Veil. Tells What Resinol Did For Her.

"In December, 1908, my face became sore. I tried everything that was recommended, and my face got worse instead of better. I spent over \$100 and got no benefit. The face and nose were very red and the eruption had the appearance of small boils, which itched me terribly. I cannot tell you how terrible my face looked—all I can say is it was dreadful, and I suffered beyond description."

"I have not gone on the street any time since 1908 without a veil, until now. Just four months ago a friend persuaded me to give Resinol a trial. I have used three cakes of Resinol Soap and less than a jar of Resinol Ointment, and my face is perfectly free from any eruption, and my skin is as clear and clean as any child's. It is about four weeks since the last pimple disappeared." (Signed) MRS. M. J. BATEMAN, 1215 Viola street.

"Philadelphia, Pa., Dec. 6, 1912." Practically every druggist sells Resinol Ointment and Resinol Soap. Prescribed for 18 years for itching, burning, skin troubles, sunburn, pimples, blackheads, dandruff, ulcers, boils, stubborn sores and piles. Trial free; Dept. 9-R, Resinol, Baltimore, Md.

21 Who Died in Fire Buried

BINGHAMTON, N. Y., July 28.—About twenty thousand mourners, the funeral of the 21 unidentified dead who lost their lives in the Binghamton Clothing Co. fire, took place yesterday. Services were held in the Opera House, clergymen of all the religious denominations taking part.

Funeral of the 21 unidentified dead who lost their lives in the Binghamton Clothing Co. fire, took place yesterday. Services were held in the Opera House, clergymen of all the religious denominations taking part.

A famous scientist condemns the light bottle

We reprint herewith an extract from an opinion rendered by a famous scientist showing that beer in light bottles can not remain pure.

"Beer bottles should be manufactured from reddish-brown glass, inasmuch as same will to a much higher degree than any other kind of glass, minimize the influence of the rays of light on the quality of beer, and will protect the latter against acquiring the disagreeable taste (Sonneneschmack) due to the chemical action of light.

"In white and green glass bottles the beer is most affected by the action of the light. Such bottles are, therefore, absolutely inappropriate and should never be employed by brewers."

(Signed) Prof. Dr. F. Schonfeld.

From the Illustrated Brewery Encyclopedia, p. 99 (Illustrated Braueri Lexikon.) Published by Dr. Max Delbruck, Privy Councillor, Professor at the Royal Agricultural College and Director of the Institute for Fermentology at Berlin. Berlin: 1910.

Schlitz is made pure and the Brown Bottle keeps it pure from the brewery to your glass.

Which is the state of lakes?

Wrong, unless you guessed Minnesota.

There are 10,000 lakes of beautiful clear water in Minnesota—the largest water area of any state in the Union.

Minnesota is the ideal vacation state. The climate is ideal for those who wish to avoid the heat. The sport is unlimited for those who seek fun. The distance is just right for those who dread a long trip. A pleasant afternoon along the edge of the Mississippi, and a comfortable night on the sleeper, and you are there.

Thru sleepers to Minnesota leave St. Louis daily at 2:15 p. m. via Burlington—Rock Island and reach St. Paul or Minneapolis early next morning. Dining car serves all meals.

The pleasure of a vacation in Minnesota is all out of proportion to the low cost. The resorts are plentiful and modern in all but their charges. The lakes are not fished out. Minnesota is a fresh vacation spot. Go to it. We have literature about Minnesota. Ask us for it.

"First in Everything."

FEMININE SANDOW, WEIGHT 300, IS MERCURY PATIENT

Mrs. Carrie Dubois to Have Treatment Like That Which Saved Edward Fischer.

Mrs. Carrie Dubois of 2905 Alcott avenue, who took bichloride of mercury Sunday afternoon, will have the benefit of the treatment which is believed to have saved the life of Edward Fischer, who took the same poison and is recovering at the City Hospital.

Mrs. Dubois, Mrs. Fischer, may overcome the poison by reason of her remarkably robust constitution. She weighs 300 and comes of a family of athletes and strong men and women, some of whom have been circus performers. From childhood she was trained to feats of strength. Her sister,

Etta, said to weigh 515 pounds, is now traveling with a circus.

To Use Sweating Treatment. At the Missouri Baptist Sanitarium Monday it was said that Mrs. Dubois' condition is serious. She will be under the constant care of physicians, who will employ the methods by which the deadly poison was eliminated from Fischer's system.

An important feature of this treatment is an electric sweat bath by means of electric light bulbs wrapped in heavy blankets. As in Fischer's case, there will be frequent injections of bicarbonate of soda and common salt to prevent the blood corpuscles from being attacked by the poison.

Mrs. Dubois was despondent when her husband, against her wishes, went to a fish fry in East St. Louis Sunday afternoon.

Tells of Taking Poison. Going to the home of her mother, Mrs. Beale Holler, at 6147 Gambleton place, Mrs. Dubois complained that her husband had gone away and left her at home alone. A few minutes later she drank the poison in the kitchen. She told her mother what she had done and she was hurried to the sanitarium, after Mrs. Holler had administered milk and eggs as an antidote. Mrs. Dubois had been married three years.

When Dubois learned that his wife had taken poison, he went to the sanitarium and remained at her bedside.

MAN SLAIN SAID TO HAVE BEEN IN ROW OVER WOMAN

Police Ask Delay of Inquest in Linder's Death So They May Investigate Story.

On the theory that a quarrel over a woman was responsible for the killing of August Linder, 31 years old, of 912 Brooklyn street, who was shot at Tenth and Biddle streets at 8:30 a. m. Sunday, the police Monday asked the Coroner to delay an inquest until further investigation can be made.

Linder, who was going home from a party, had been attracted by a crowd running to a fire. He was shot in the head and died at the city hospital an hour later without regaining consciousness.

The police are holding Albert Shoemaker, 25 years old, 918 O'Fallon street; John Kowalski, 20, 906 O'Fallon, and John Regalski, 23, 1430 North Ninth street.

Pistol Found at Man's Home. Two patrolmen who were at Tenth and Morgan streets heard the shots. They ran toward Biddle street, where they met Benjamin Tynowski of 1221 North Tenth street. He told the officers he had seen Kowalski put a pistol into his pocket.

The patrolmen went to Kowalski's home. In a drawer they found a newly cleaned and oiled revolver of the same caliber as that which killed Linder. Its cylinders were empty, but four cartridges were found in the drawer with it. The policemen believed the weapon had been discharged recently.

Kowalski told them Shoemaker had given him the revolver and advised him to run. Shoemaker was arrested and closely questioned by Capt. Schoppe of the Car Street Station.

He denied he had done the shooting, but declared he had seen it done. He said some men were quarreling at Tenth and Biddle streets and one of them shot another. He ran up and, drawing his revolver, told the man who did the shooting he would have to wait there for the police.

The man's companion, he said, told him a negro did it. When they were discussing the matter, Shoemaker said, the slayer and his friend ran away.

Possible Motive Supplied. Capt. Schoppe was not satisfied with Shoemaker's story and held him for further questioning. The captain reported a witness whose name he did not wish to disclose, had supplied a possible motive for the crime. This witness had heard two men quarreling and told Schoppe that one of them shouted angrily:

"Don't you ever go to that woman's home again."

The police say Shoemaker at first admitted giving the pistol to Kowalski and then denied it. When asked about the variation of his tale, he is said to have replied: "I must have been crazy if I said I gave him the gun." Regalski is held chiefly as a witness.

THIS Removal Sale is going to be a memorable occasion to all people who share in its golden saving opportunities. It is not a sale for a day, but its influence will be felt through the years by people who avail themselves of the splendid economies & provide for future as well as present needs. **EVERY ARTICLE in EVERY SECTION** has been reduced from 10 to 50 per cent & more, except in case of a limited few restricted lines.

Tuesday Will Be Men's Furnishings Day

A Day of Vital Importance to Men With the Saving Instinct & a Single Furnishing Need to Be Supplied.

YOU men with shirts, neckwear & collars to buy, as well as the hundred & one other articles which go to complete the attire of the careful dresser, will find here a message of vital interest.

Tuesday we will specially feature men's furnishings. Tuesday prices have been figured down to a point where every man, or every woman who buys for a man, will find it very profitable to not only provide his present requirements, but to also lay in store for future use. So vast are the lots that a complete listing of items & prices is impracticable, but a general epitome of the lines involved is suggested below:

Negligee & Plaited Shirts, soft cuffs
Negligee & Plaited Shirts, laundered cuffs
Silk Shirts, attached collars
Silk Shirts, separate collars
(Plain and Fancy Effects)
Terry & Blanket Bath Robes
Underwear

Wash Neckwear
Silk Neckwear
Night Shirts
Pajamas
Belts
Suspenders
Hosiery

The quality of the merchandise offered is of the highest order. Styles are correct & assortments are such as to afford most pleasing selection. Goods are conveniently arranged for easy examination & plenty of salespeople are provided to assure quick & satisfactory service.

I UNVARIABLY the first thought that comes to the mind of any one who has lost an heirloom, a valuable jewel or some article prized for its associations or as a keepsake is a Post-Dispatch's Want Ad.

Sunday Want Ads

For years the Post-Dispatch has had no competitor in the Want Ad field. Every Sunday the totals of the several other papers must be combined to make comparison.

The count of separate want ads printed by the St. Louis newspapers Sunday, July 27, was:

Post-Dispatch 5782
Globe-Democrat, (Combined) 4984
Republic and Star

The Post-Dispatch Printed 5 columns more than the Globe-Democrat, Republic and Star combined.

SNOW'S REPORT

thin fields, but the general average is very much better than when I was

CHICAGO, July 5.—R. W. Snow's crop reports said that "the worst of the drought is over" in the corn producing countries. They show very little corn with corn in low stages of growth still facing possible disaster over a large part of the corn belt. The drought is still serious in the corn belt. Arkansas, Tennessee and Kentucky show heavy losses since July 1. Indiana and Illinois are about back and Missouri is now rapidly losing ground.

Corn receipts 48,800 bu, or 87 cars local; 3 through; last year 55,500 bu, or 100 cars local. 14 through. Oats receipts 13,000 bu, or 23 cars local; 1 through; last year 171,900 bu, or 91 cars local, 10 through.

Total primary wheat receipts are 2,300,000 bushels, or 42,500 cars in 1934; shipments 1,187,000 bu, against 938,000 bu last year. Corn receipts 1,000,000 bushels, or 18,000 cars in 1934.

Corn futures surprised the trade Monday by a fractional advance in the face of improved weather conditions. Professionals were sellers on the advance, however.

your durned little town!"—London Evening Standard.

"That depends on how much you want to learn," President Wilde told him. "If you want to learn as much as a division superintendent knows, it will take 10 years and cost you \$16,000. If you want to know as much about the railroad business as the Arizona Legislature knows, it will take 15 minutes and will cost you 15 cents."
